Dear Sir/Madam,

we have pleasure in recommending and encouraging you to start a cooperation with Engineering Services Company RIALEX Ltd.

RIALEX Ltd. has been our partner since 1993 as a distributor for power supply elements in Poland.

Rialex maintains a warehouse of Wampfler products in Kluczbork required for the sale and assembly of cranes in many factories in Poland. Thanks to this storehouse Rialex is able to deliver the necessary spare parts and provided services to customers in a very short time.

In view of the facts mentioned above we strongly recommend Rialex as your future partner.

Kind regards

Peter Boehler
Manager International Sales
